CITY OF CHICAGO.

Thursday Morning ..... May 8, 1856.

Illinois Knows Herself.

We learned by private dispatch last evening from Springfield, that the Know Nothing State Convention nominated a State ticket.

We were prepared to hear that; we were advised some time since of the scheme concerted between the Democracy of Chicago and the Douglas men to put a Know-Nothing State ticket in the field for the purpose of dividing the opposition, and securing the State for the Black Democracy.

Philosophy in Democracy.

The telegraph informs us that the Know Nothing State Council met again in secret on the question of endorsing Fillmore and Donelson. The order may be considered broken up and used up in the old Bay State. The Anti-Fillmore men will support the Republican nominees for President, and cheer their successful with an order which has been received from Pro-Slavery. The fact that will vote for Fillmore in Georgia, and could not require much coaxing to go over boldly to Pierce, Douglas and Atchison.

Michigan Bows for Kansas.

On our way to Detroit on Monday by G. C. Thompson, of Detroit, Michigan, who represents the Michigan Kansas Settlement Company. He came here with the view of securing for the settlement of the members of his Company up the Missouri river. The party number about two hundred persons, most of whom are supposed to arrive in this city over the Chicago and Alton Railroad to-morrow, on the one o'clock train. A steamer will be at our port to receive them, to carry them direct to Kansas.—*Alton Courier*, 6th.

A portion of the company passed through this city en route for Alton, last evening; and a fine body of emigrants they are Wolverines, we have no doubt, who will make their mark in any community where they may settle.

Philadelphia Election.

The city of Philadelphia has been the hot bed of Fillmoreism in Pennsylvania, as Cincinnati is of Ohio. Anxiety to obtain Southern trade overcame the principles and conscience of the Democracy in the City of Brotherly Love. Among all the cities the Know Nothings were the most blatant "Union savers." They insisted on running a straight out Fillmore fugitive law ticket; they made a great parade of their patriotism, and devotion to the Constitution as John C. Calhoun understood it, and resolved to save the Union at all hazards, by electing their ticket by an overwhelming majority. There was flag-hoisting, pole-raising, haranguing and electioneering in abundance. They were the more sanguine of success on the year before they had elected their Mayor and ticket by over 5,000 majority. On the former occasion, however, their candidates stood opposed to the regular of the Missouri Compromise, but this time they were on the other track.

Now for the result. The telegraph informs us that the Know Nothing Fillmore ticket got awfully thrashed! Hardly a grease spot of the Union savers is left. They are routed by more than 4,000 majority.

This will probably Empower of the Fillmore humbug in the City of Brotherly Love, and leave the field clear for the friends of Free Kansas at the Presidential election. So mote it be!

Wild-Cat Currency Exploded.

If report speaks truly, Professor Cook, of Lockport, Will county, is ruined. Letters from the country tell us, that they scattered, just before leaving, eight drafts on New York, and their cost, to whomsoever would buy. That done, they "cramped," leaving their landlord minus, and those whom they had swindled, to make the most out of their large notes!

Double that has been done in this regard. It has warned the public against these men, and thwarted against their infamous system. Yet after all, these scamps have succeeded in deluding the unwary and ignorant. When will the country possess wisdom enough to put down and keep down such swindling and such counterfeits? Not till they possess a currency that is a right system, and upheld it—"inflexible"—that is the phrase here—any less, rich or poor, who shall undertake to bank on a false principle, or through a vicious and fraudulent system of it. Arrest the swindling operations and the needy adventurer will cease to exist. Come, out, by a right public opinion, the rich violator of a just business rule and no small and reckless scoundrels will attempt it.

But Preston & Co., are not alone. A letter just received from Geneseo, (Ill.) states that Barnes & Co., of that place, have stopped. They issued on the money of the Pilatory and Mississippi Bank of Dubuque, Ia. Our correspondent says "that one of their creditors has been secured, and he by having a lien on the office furniture of the concern." Yet they succeeded in scattering their trash among men of toil, and even in inducing business men to take it!

When shall this folly be stopped? Farmers and laboring men, hear the Tribune—touch not a dollar of this stuff. There is no safety in any other course.

The Know Nothings.

A Belvidere (Ill.) paper says that eight ships "of Fillmore men have sailed."

Who are mentioned, we cannot say, nor do we care. If Fillmore, we are more than content. If Donelson, the combination must and will be repudiated.

The Democrat of Wednesday, says:

The New York Times, one of the organs of Gov. Seymour, says:

"The Republicans are equally busy, (President making) and with more unanimity. Mr. Seward would be nominated at once, if he would consent to run; but he is afraid of the fire of Greeley's batteries. He is not willing to be the first victim of the battle, but he is very ready to accept it in a very great degree to be the second victim."

We have always contended that it was useless for the Know Nothings and Republicans to be pitted against each other in most of the States, they were only the means to an end.

In this State the great majority of the Republicans are in favor of Know Nothingism, and the majority of the Know Nothings are in favor of Republicanism. Hence the necessity of the Republican leaders to put a Know-Nothing State ticket in the field for the purpose of dividing the opposition, and securing the State for the Black Democracy.

Philosophy in Democracy.

The telegraph informs us that the Know Nothing State Council met again in secret on the question of endorsing Fillmore and Donelson. The order may be considered broken up and used up in the old Bay State. The Anti-Fillmore men will support the Republican nominees for President, and cheer their successful with an order which has been received from Pro-Slavery. The fact that will vote for Fillmore in Georgia, and could not require much coaxing to go over boldly to Pierce, Douglas and Atchison.
